Suzanne,

I have reviewed the information provided and find that the submittals for Tasks 3495 (Change in Post-Mining Land Use) and 3496 (Change in Permit Boundary) are complete for technical review. The materials submitted by SCA respond to deficiencies identified during review of Tasks 3361 and 3363, as identified in the November 2, 2009 letter from the Division to Michael Blakey (SCA).

Thanks,
Kevin
